

THE BAHAMASMED MONTHLY

ELEVATING EXCELLENCE: COMMERCIAL & CLINICAL TRAINING HIGHLIGHTS

We are thrilled to share that Allana and Princess recently attended the Commercial & Clinical Training Program: Pathway to Clinical Excellence. This intensive session was strategically designed to sharpen our field impact, ensuring we are better prepared than ever to deliver high-performance results.

A major focus of the training was the J&J portfolio, where the team got hands-on experience with upcoming product launches. They gained valuable insights into the specific strategies we will use to introduce these innovations to our market, ensuring a seamless rollout.

Looking ahead, the team is energized to drive growth in our key focus areas. This year, we are putting a significant push and, expanding our reach while strengthening our clinical presence.

Please join us in congratulating Allana and Princess on completing this vital program!

NEW PRODUCT HIGHLIGHTS

New in Retail: The Vive Collection!

We are expanding our retail lineup with essential mobility solutions from Vive Health, designed for daily comfort and independence, these new additions are now available:

- **Running Belts:** Lightweight, water-resistant pouches with reflective safety strips for active lifestyles.
- **Bunion Splints:** Adjustable, low-profile braces that provide gentle realignment and pain relief, even overnight.

and More...

LEADING SOLUTIONS FOR A BETTER FUTURE

Upcoming Events

We are proud to present two exclusive events designed to showcase the latest advancements in healthcare and animal wellness. Join us as we bridge the gap between innovation and practice:

- **Pharmacy Sip & Shop:** This event is a premier showcase for our B2B partners. Join us to explore our comprehensive range of pharmaceuticals and over-the-counter (OTC) solutions.
- **Veterinary Open House:** We are shining a spotlight on the animal health community! This event will feature a special showcase of new veterinary products from Veko Care, alongside a comprehensive presentation of our manufacturing partners and laboratory solutions.

EQUIPMENT

HIGHLIGHT

SHOP ONLINE : WWW.BAHAMASMED.COM

TECHNOLOGY SPOTLIGHT: PRECISION IN EVERY READING

In recognition of Stress Awareness Month this April, we are highlighting The GE HealthCare Portrait™ VSM

It is engineered to bridge the gap between spot checks and continuous monitoring. Whether you're performing routine rounding or managing a high-acuity floor, the Portrait™ VSM delivers a seamless, wireless workflow that puts the focus back where it belongs: on the patient.

- Precision Under Pressure: Powered by SuperSTAT NIBP technology, providing fast and highly accurate blood pressure readings even in challenging conditions like patient motion or weak signals.
- The Round Advisor™: Revolutionize your workflow with an automated assistant that helps organize patient rounding, reducing manual data entry and minimizing errors during spot checks.
- Mobile & Modular: A lightweight, ergonomic design paired with a versatile rolling stand, making it the perfect partner for clinicians on the move across adult, pediatric, and neonatal wards.

NEW RELEASES

vive health

RUNNING BELT

A running belt is the perfect companion for active lifestyle goals.

Features:

- **Secure Storage:** Water-resistant, bounce-free pouch for phones, keys, and cards.
- **High Visibility:** Integrated reflective strips for safer low-light runs.
- **Custom Fit:** Adjustable elastic strap ensures a snug, chafe-free fit for all sizes.
- **Performance Build:** Durable, sweat-wicking, and machine-washable material.

Product Tip: Wear your running belt at the narrowest part of your natural waist rather than your hips. This prevents it from sliding up or bouncing while you move.

BUNION SPLINT

Features:

- **Gentle Realignment:** Integrated aluminum brace provides constant, corrective pressure to the big toe.
- **Pain Relief:** Reduces friction and inflammation to soothe sore joints and slow bunion progression.
- **Customizable Support:** Adjustable Velcro straps ensure a secure, personalized fit for any foot size.
- **Versatile Wear:** Low-profile, breathable design fits comfortably under socks and during sleep.

RUNNER'S HEALTH TIP:

While bunion splints are often associated with rest, they can be part of a proactive running recovery routine

Post-Run Realignment: After a run, your foot muscles and joints are warm and more pliable. Wear your *Vive Bunion Splint* for 20–30 minutes immediately after your cool-down. This provides a gentle, corrective stretch to the big toe joint that has been under repetitive pressure during your miles.

NEW RELEASES: ENHANCING MOBILITY & CARE AT HOME

Vive Turning Cushion: A game-changer for home care, this ergonomic U-shaped cushion allows for the safe and easy repositioning of patients. By simplifying the turning process, it reduces physical strain on caregivers and plays a vital role in preventing pressure sores and improving patient circulation.

Vive Car Door Assist: Independence starts with confidence. This portable, non-slip handle provides extra leverage and stability when entering or exiting a vehicle. It's the perfect companion for those with limited mobility, ensuring every journey begins and ends safely.

Versatile Use

Assist patients with various positioning options

Turning Cushion

Comfortable To Hold

Comes with a non-slip grip handle for extra safety

Car Assist

SPRING WELLNESS

April is the perfect time to help patients renew their commitment to health. Our Spring Wellness showcase features the YumV's Vitamin Collection—a premium, pectin-based lineup designed to bridge nutritional gaps with clinical precision and exceptional taste.

Multivitamin + Minerals

The ultimate "Retail Anchor" providing 15 essential vitamins and minerals for daily growth.

Vitamin C (High Potency)
A "Patient Favorite" for seasonal immune defense as we transition into April's outdoor activities.

Vitamin D3 (The Sunshine Vitamin)
Essential for bone health and immune function, especially important for those still catching up on spring sunlight.

Magnesium Citrate

A top-tier "Clinical Choice" for muscle relaxation and supporting a calm nervous system.

SPRING INTO VITALITY

April is the perfect time to help renew YOUR commitment to health, whether for growing families or active adults, these essentials are perfect

Iron with Vitamin C

Specially formulated for high absorption without the common metallic aftertaste—a hit for families.

Apple Cider Vinegar with "The Mother

A premium wellness favorite for supporting healthy digestion and metabolism—perfect for a spring wellness reset.

B-Complex with Vitamin C

A powerful blend that supports cellular energy production and metabolic health to keep patients active all season long.
